Save up to Euro 100 per year with the Energy-savings Check Initiative

Free: Energy saving devices worth Euro 70 and a qualified check of your electricity bill

A joint initiative of:

Sponsored by:

Federal Ministry for the Environment, Nature Conservation and Nuclear Safety

## Energy savings check:

Save cash now.

Did you know that you could cut your electricity bill by as much as **Euro 100** per year with a few simple measures? We'll show you how with an energy savings check.

Anyone claiming category II unemployment benefits, welfare or housing benefits is eligible to take part. Participation is free of charge.

### This is all you have to do:

- Give us a call or send us an e-mail.
- We'll arrange an appointment with you.
- Trained energy-savings experts will come to your home and check your electricity consumption.
- You will receive energy saving devices worth up to **Euro 70 free of charge!**

"Get involved"

### The energy savings package

An important element of the initiative is the energy saving devices that you receive free of charge when you take part: top-quality energy saving bulbs, switched outlet strips, tap aerators and lots more.

### The energy savings check

Our energy savings experts can also draw up a personal energy savings plan for you with lots of tips on how to consume less energy and save cash in future. And at the same time you'll be doing your bit to protect the environment and prevent climate change.

Just call or send us an e-mail  
(*contact address on reverse*).
